## From Fr. Bill

Testimonies from our teens regarding their Catholic summer camp experience...

I had a lot of fun at camp and I have increased my faith a lot. I experienced Christ by singing my lungs out and just having the best time of my life. I also loved the games we played, especially with our small groups, and how there was a connection with Christ for every game we played. I think the thing that mostly made my faith in the Catholic Church stronger was having adoration 3 times in a row, and the last night's one was just amazing. When Fr. Duy walked around (with the Monstrance), I felt Jesus presence and it made other people cry, and I shed a little tear as well. It was such a powerful experience, I also liked when all the boys in the room surrounded us and prayed for us as we did the same for them. I had a great time and it was very fun! I met a lot of new people and consider them to be my "Ohana." I learned how to canoe for the first time ever. I learned what a whole new type of teamwork is. This camp was such a wonderful experience and I would just like to come every single year. Maybe I will become a summer missionary just to go to camp and have the time of my life. I would like to thank you for inviting me to this camp and I would also like to thank God for giving me this opportunity. I had a wonderful, powerful, and amazing time! - Em C

My experience at summer camp was very enlightening. It made me feel like I was more into my faith and closer to God. Before I thought I was in touch with my faith but there was still a lot more for me to learn. Camp also showed me that Catholics can have fun! I thought that in being really Catholic, I would have to suppress everything that I love, and suppress having fun. I now know that you can be in touch with your faith and still be in touch and live your life to the fullness with Jesus guiding you. I learned many different ways of prayers and I strive to make prayer more present in my daily life. Camp showed me the love of Jesus and that we are never alone because we will always have Jesus and the close-knit community of Catholics. - AC

That was the best week ever, the reason being the multiple awesome activities like canoeing, obstacle games, and the messy games! I loved the messy games because I got messy and had fun at the same time. I also liked it because I experienced Christ at close hand because of the Holy masses that I went

to. God felt even more close to me because I remembered all the sins I committed, my former troubled past and the greatness of how He helped me out of all of it. I'm also grateful for the second chance the Lord gave me to make it up. I will miss all the friends I made during camp and hope to see them another day. I additionally hope I go to another event like that again. - EC

My experience at Life Teen summer camp was a very holy and spiritual experience. We had mass outside where I felt closer to God. It was a very refreshing feeling. On my first day at Life Teen summer camp I felt very nervous and was scared because I thought I wouldn't fit in or I would be an outsider, but I wasn't! I met a lot of great people and I even made some friends. The next few days at Life Teen summer camp were a whole other ball game. We only had one bathroom and seven girls in our room had to share, but we made it work. After we got dressed and ready we all went to down to a building called Scanlon Hall. It was really pretty inside! It had changing screen lights where the camp coordinator would tell us about what was going to happen for the day. I did so many things I've never done before and I was really good at them, too! My favorite part of camp was being a part of a small group of girls working together with the ropes courses. I loved meeting and getting to know all the girls. I also loved helping and making them laugh. I loved everything that we did as an Ohana. I went to confession for the second time in my life and it was very comforting. It made me feel a lot better inside. I also went to adoration which made me feel closer to my faith and appreciate all the wonderful things that God has done for me. This overall experience made me want to change my ways and be a better Catholic. I hope to be able to come back next summer and in the future I would like to be a summer missionary to help teens like me find their way. I would also like to thank Kristina P, my youth minister for inviting me. She is not only fun and supportive but like a big sister to me. She is the best youth minister!! - S

Summer camp help me to believe in Christ more. It combined a party with praying and singing with God. It help me learn more about God. It helped me make new friends. It was really fun. - EH

Do keep our young people in your prayers throughout the summer. Their presence is a gift to our church and a sign of hope for the future.
